Spring 2026.3

McConnell Hall news and current student fun

Hosted in April, Prom motivated the students to get all dressed up and have these amazing photo shoots. Looks like the ladies out did the fellas!

Rosecutting and the Student Life awards took place on April 19. Student speakers, awards, the Prince Jones scholarship, baby photos and a dance finale were all parts of the fun program.

Jon Black provided the tribute for the Prince Jones scholarship and awarded the alumni scholarship to this year's recipient.

UNT

McConnell Hall news and current student fun

On Sunday March 29th, the 6 students on the TAMS Table Tennis Team (under Sports Club) participated in the DFWTT (DFW Table Tennis) High School Challenge. In singles, Om J. ('26) placed first and Vikranth C. ('27) placed third. In doubles, Om ('26) and Vikranth ('27) placed second together. The team qualified for the AYTTO National Championships which are in late May in Boston, MA. The top 2 teams at the challenge were invited.

Larry L. '27, is the competition coordinator for MAΘ next year and recently earned a bronze medal at the USA Mathematical Olympiad (USMAO). There were only 15 students in Texas recognized.

Taylor P. (left) TAMS '26 is heading to UT. She was selected as 1 of 10 students for the tier Impact Scholarship. She will be in the McCombs School of Business.

3 more TAMS students earn Goldwater recognition!

(future story to come)

Pavan Ahluwalia – material science

Bradley Lin - chemistry

Aniruth Anantharayanan - physics

Alumni Spotlights

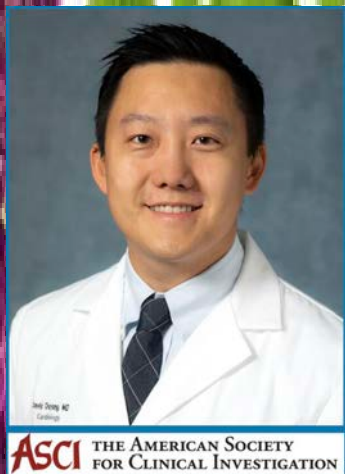

Jennifer Greensted, '92 was at UNT for a conference presenting a session on Cybersecurity

Aneal Krishnan TAMS '98 was recently featured in MIT's Spectrum magazine:
<https://betterworld.mit.edu/spectrum/issues/spring-2026/aneal-krishnan-02-honoring-mits-impact-on-his-life/>

Nuclear leader **Katy Huff** has been named the new chair of the **UW-Madison Department of Nuclear Engineering & Engineering Physics!**

For her new position, Huff will return to the department from which she earned her PhD in nuclear engineering in 2013. As NEEP chair, she is eager to contribute her experiences in academic and federal leadership to elevating the department's people, research, facilities, capabilities and reputation

David Ouyang, TAMS '07 a research scientist at Kaiser Permanente and a non-invasive cardiologist and echocardiographer with The Permanente Medical Group Inc., has been elected to the American Society for Clinical Investigation. His inauguration was announced at the annual Joint Meeting of the Association of American Physicians, the American Society for Clinical Investigation, and the American Physician Scientists Association — the premiere meeting of physician-scientists.

Alumni Spotlights

Sai Yeluru, TAMS '14 is launching Agenteach – a new platform to help teachers automate and act on all the non-curricular, energy-draining, crushing administrative tasks. Check him out: agentea.ch

Bo Mansour, '06, Excited to step into a new role as Director of Strategic Growth within the One Microsoft Practice at **IBM** Consulting.

Eeshan Joshi – TAMS '21 He will be the youngest physician to graduate from TCOM since 2004 and one of the youngest on record to ever graduate. Now featured on the TAMS website.

<https://tinyurl.com/yc4uh2h3>

Andrew Jancaric, TAMS '09 is excited to share that he started a new role as an Analytics Engineer at **Netflix**!

Alumni Sightings

On May 7, Robert Karicod, '94 was the keynote speaker for the Class of 2026 graduation. He also spoke at seminar for the Class of 2027. Every time he delivers the students enjoy his remarks.

WORLD OF POLITICS

Rebecca Bennett – '05 – leading candidate for NJ 7th district!

Eric Wilson, '92
Podcaster
Campaign Trend

Serendipity Moments

Rachel (Gallagher) Renkes, '03 was on campus this spring and snapped this memory.

Million \$\$ Mission update

Check out the page:

https://tams.unt.edu/alumni/million_dollar_mission.html

The TAMS IT staff did a great job jazzing it up.

Each class has at least 1 donor = good start. We are shooting for 1000 donors approximately 30 donors from each class.

Most represented classes = 1998 & 2001

We are also shooting for 1000 x \$1K (or more) donations.★

The Class of 2001 and 1999 both have 3 each.

Heck, we have 3 staff members that are in the STAR category.

We have a ways to go – any donation is welcome and check with your employer if a matching program is in place which doubles your contribution.

Class Endowments

2002 V 2003

It's ON!!

The classes of '02 and '03 each have their down endowment and are in direct competition. This throwdown was started by Travis and Shan. Which team are you on and have you shown (\$\$) your support. Don't let your class down.

Current totals show the Class 2003 ahead of the 02s.
