The background of the entire image is composed of various shades of green (light, medium, and dark) and white. These colors are used to create a series of thick, wavy, organic lines that flow across the frame in different directions, creating a dynamic and textured effect.

**Clubs, Community Service, & Competitions**

# Welcome!

Aaliyah Navarro  
Assistant  
Director of  
Student Life

Goal: To increase parent understanding of student involvement at TAMS and ways to support our goals and initiatives.

# The Big Picture

Student Life provides a significant avenue for our students to engage in endeavors outside of the classroom and pursue their own interest.

Leadership skills

Build connections on/off campus

Work with a team

Find a new passion

Enhance their talents

Grow

## Student Life

---

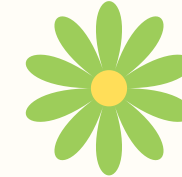

# Student Clubs

Programs great for  
parent involvement

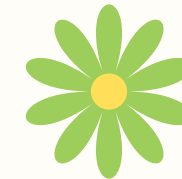

Dinner with Doctors

Internship fairs

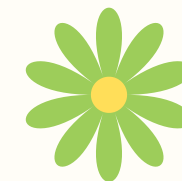

Preview Days

Bring in outside professionals as guest speakers or mentors to share real-world insights

I've incentivized clubs to host educational programs

Encourage cross-club collaboration

## Student Life

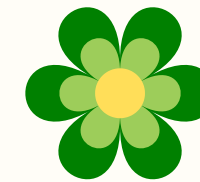

---

# Community Service

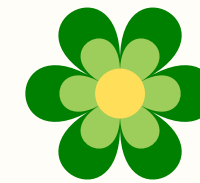

### Parent Connection

Encourage civic engagement

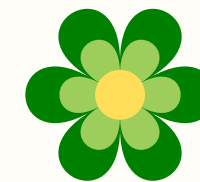

Share the importance of community service and share stories of impact of community service

Prioritize direct service (not just fundraising or donation drives)

Expand tutoring initiatives to Middle and High Schools with a focus on math literacy

Partner with local organizations and schools for recurring service projects

## Student Life

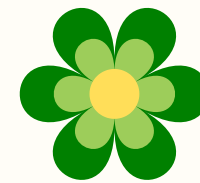

---

# Competitions

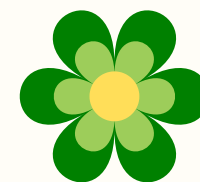

Financial Support

Transportation Assistance

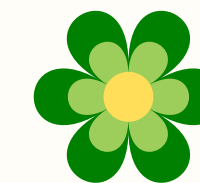

Positive Encouragement

Some competitions may have fees for registration, travel, or supplies. We try to keep costs low, but student contributions may be needed. We'll always communicate these in advance.

In some cases, we may need parent volunteers to help with driving students to local or regional events.

The most powerful support you can give your student is your encouragement. Show interest in what they're preparing for, ask questions, and cheer them on.

The background features a dynamic pattern of wavy, organic shapes in various shades of green (from light lime to deep forest green) set against a white background. The shapes flow from the top left towards the bottom right, creating a sense of movement. Centered over this pattern is the text "Thank you!" in a bold, dark brown, rounded font. The text has a thick, light cream-colored outline, making it stand out clearly against the busy background.

**Thank  
you!**
